The form is a data entry template. It has a header section with 'End step' and 'Step' labels, each followed by a single-line input box. Below this is a table with 6 rows of parameters and 4 columns of input boxes. The parameters are 'Start temperature', 'Completion temperature', 'Rate of temperature rise or fall', 'Retention time', and 'Sampling interval'. The columns are numbered 1 through 4. Two lines labeled '21' point to the first and fourth columns of the table.
